To whom it may concern

Whatman Cellulose Fiber Filters are not considered to be chemical products and therefore not in scope of the regulations for Material Safety Data Sheets. They are typical articles in the meaning of both US and EU legislation. Articles are exempt from the requirement of MSDS. GE Healthcare will not publish MSDS's for Whatman Cellulose Fiber Filters.

**Issue date:**  
2010-09-03

**Issued by:**

A handwritten signature in black ink, appearing to read 'Tomas Winblad', written over a horizontal line.
