Suma Multi Conc D2 Conc

Page 1 / 1 Revision: 2017-12-24

### Hazards for humans and the environment

Contains alkyl alcohol ethoxylate (Trideceth-8), isotridecanol, ethoxylated (Trideceth-12), 2-aminoethanol (Ethanolamine).

Signal word: Danger.

Hazard statements: H314 - Causes severe skin burns and eye damage.

H302 - Harmful if swallowed.

H335 - May cause respiratory irritation.

#### Prevention and conduct

The following information applies for the uses indicated in subsection 1.2 of the Safety Data Sheet. If available, please refer to the product information sheet for application and handling instructions. Normal use conditions are assumed for this section.

Recommended safety measures for handling the undiluted product:

Covering activities such as filling and transfer of product to application equipment, flasks or buckets

Appropriate engineering controls: If the product is diluted by using specific dosing systems with no risk of splashes or direct skin contact,

the personal protection equipment as described in this section is not required.

Appropriate organisational controls: Avoid direct contact and/or splashes where possible. Train personnel. Personal protective equipment Eye / face protection:

Safety glasses or goggles (EN 166). The use of a full-face shield or other full-face protection is strongly recommended when handling open containers or if splashes may occur.

Chemical-resistant protective gloves (EN 374). Consider specific local use conditions, such as risk of Hand protection:

splashes, cuts, contact time and temperature. Body protection: Wear chemical-resistant clothing and boots in case direct dermal exposure and/or splashes may occur

(EN 14605).

Respiratory protection: Respiratory protection is not normally required. However, inhalation of vapour, spray, gas or aerosols

should be avoided.

Environmental exposure controls: Should not reach sewage water or drainage ditch undiluted or unneutralised.

Recommended safety measures for handling the diluted product:

Recommended maximum concentration (%): 2.66

Appropriate engineering controls: Provide a good standard of general ventilation. Appropriate organisational controls: No special requirements under normal use conditions.

Eye / face protection:

Personal protective equipment Safety glasses are not normally required. However, their use is recommended in those cases where

splashes may occur when handling the product.

Hand protection: Rinse and dry hands after use. For prolonged contact protection for the skin may be necessary.

**Body protection:** No special requirements under normal use conditions No special requirements under normal use conditions. **Environmental exposure controls:** 

## **Emergency procedure**

Suitable extinguishing media

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant

foam.

Do not allow to enter drainage system, surface or ground water. Dilute with plenty of water. Environmental precautions Methods for cleaning up

Use neutralising agent. Absorb with liquid-binding material (sand, diatomite, universal binders, sawdust).

Ensure adequate ventilation.

#### First aid measures

Inhalation:

Eye contact:

Call a POISON CENTRE, doctor or physician if you feel unwell.

Wash skin with plenty of lukewarm, gently flowing water for at least 30 minutes. Take off immediately all contaminated clothing and wash it before re-use. Immediately call a POISON CENTRE, doctor or

physician.

Hold eyelids apart and flush eyes with plenty of lukewarm water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTRE, doctor or

Rinse mouth. Immediately drink 1 glass of water. Never give anything by mouth to an unconscious Ingestion: person. Do NOT induce vomiting. Keep at rest. Immediately call a POISON CENTRE, doctor or
