

This ultra hygienic squeegee has a very soft and effective rubber lip, which ensures effective cleaning of floors and other surfaces. The rubber lip is angled to facilitate cleaning close to walls and around equipment without any problems. The squeegee's splash guard ensures that the liquid is not splashed onto the dried surface.

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
