

FP41 - Rope Fall Arrest Block

Collection: Fall Protection Accessories

Range: Fall Protection

Materials: Steel Rope

Box Quantity: 4

Product information

The fall arrest block comprises of a retractable lifeline made of wire rope which is stored on a reel within a protective housing. The reel is spring-based to wind the retractable lifeline in. The reel incorporates an inertia brake mechanism, which allows the lifeline to be slowly extracted and automatically retracted to accommodate the user's body movements.

Fall Protection Accessories

Assort range of fall protection equipment to be used with our other fall protection equipment

Fall Protection

Fall Protection is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of fall protection products for working at height.
