PRODUCT SPECIFICATION & TECHNICAL DATA

AF22 - Araflame Coverall

Collection: Araflame Plus™

Range: Flame Resistant

Shell Fabric: Araflame Plus™ 220g

Box Quantity: 18

Product information

This winning style has a host of functional features including reflective tape for extra visibility. Triple stitching throughout adds to the strength and durability of AF22. Certified to several EN standards optimal protection is provided for the wearer.

Standards

EN ISO 11612 (A1+A2,B1,C1,F1)

EN ISO 11611 Class 1 (A1+A2)

EN 1149

IEC 61482-2 IEC 61482-1-2 Class 1

EN ISO 11612

EN ISO 11611

EN 1149

IEC 61482-2

Araflame Plus™

Araflame™ is an inherently permanent flame resistant aramid. It is extremely flame resistant, lightweight, offers high tensile strength and full anti static protection.

Araflame™

This fabric is constructed from 93% Meta-aramid and blended with 5% Para-aramid for strength. The fabric is inherently antistatic by also incorporating 2% Carbon Fibre. The Meta-aramid is an inherently flame resistant fibre that does not melt, drip or continue to burn, providing natural flame resistance. Para-aramid has excellent tear and tensile strength properties which give strength and durability to the fabric.

Features

- CE certified
- Radio loops
- Action back
- Concealed side access pockets
- Triple-stitched seams
- FR aramid thread

Available colours

	Short	Reg	Tall	XTall
Orange		M - 3XL
