pH meters, electrodes and accessories

pH electrodes, glass bodied, Fisherbrand®

Fisherbrand

	Catalogue No	Legacy No	Range, pH	Temperature range, °C	Diameter, mm	Length, mm	Fill solution	Typical applications
1	11532533	-	0 to 14	0 to 100	12	120	11476688	General use glass bodied pH electrode for routine laboratory pH measurements, 1m connector cable with BNC
2	10049721	-	0 to 14	0 to 100	7	100	11476688	Semi micro glass bodied pH electrode for use in narrow vessels, 1m connector cable with BNC
3	11562533	-	0 to 14	0 to 100	7	150	11476688	Semi micro glass bodied pH electrode for use in long, narrow vessels, 1m connector cable with BNC
4	11562543	-	0 to 14	0 to 100	12	120	11486688	Glass bodied pH electrode, double junction Ag/AgCl reference, 1m connector cable with BNC
5	11582543	-	0 to 14	0 to 100	12	120	11476688	Glass bodied electrode with rugged bulb for extra durability, 1m connector cable with BNC
6	11562553	-	0 to 14	0 to 100	12	120	11476688	Glass bodied single Ag/AgCl reference electrode, requires single pH electrode, connector S7 cap

Filling solution

Catalogue No	Legacy No	Description	Quantity, mL
11476688	-	Electrolyte filling solution 4M KCl/AgCl	250
11486688	-	Filling solution, KCl	250

pH electrodes, plastic bodied, Fisherbrand®

Fisherbrand

	Catalogue No	Legacy No	Range, pH	Temperature range, °C	Diameter, mm	Length, mm	Fill solution	Typical applications
1	11582533	-	0 to 14	0 to 80	12	120	11476688	General use plastic bodied pH electrode for routine laboratory or field measurements, with refillable reference chamber, 1m connector cable with BNC
2	11512543	-	0 to 14	0 to 80	12	110	Non-refillable	Plastic bodied, flat tipped pH electrode for surface pH measurements such as agar, paper etc. 1m connector cable with BNC
3	11532543	-	0 to 14	0 to 80	12	120	Non-refillable	General use plastic bodied pH electrode for routine laboratory or field measurements, 1m connector cable with BNC
4	11542543	-	0 to 14	0 to 80	6	150	Non-refillable	Semi-micro plastic bodied pH electrode for use in thin vessels, 1m connector cable with BNC
5	11552543	-	0 to 14	0 to 80	12	120	Non-refillable	Plastic bodied pH electrode, double junction, Ag/AgCl reference, 1m connector cable with BNC
6	11522553	-	0 to 14	0 to 80	12	120	Non-refillable	General use plastic bodied pH electrode for routine laboratory or field measurements, 1m connector cable with coax plug
